

UNITECH SCALES AND MEASUREMENTS PVT. LTD.

Sensors - Pressure Cell Transducer

www.unitechscales.com

1. UNITECH'S Pressure Transducers manufactures a wide range of absolute and true gauge pressure transducers.
2. UNITECH'S Pressure Transducer is mainly a strain gauge based sensors ranging form Vacuum to 1200 Kg/cm².
3. The stainless steel construction permits the transducers to operate in rugged, industrial environments.
4. We also undertake custom-built pressure transducer for specific requirement and for OEM users.
